ABSTRACT

This portion of the annual report of the New York State Education Department on the status of state schools contains the individual district profiles. Information is derived primarily from information submitted by the superintendents of the various school districts. Schools are characterized as New York City, large city, other city, suburban, and rural. Information is presented in six tables in summary form. The tables contain the following data: (1) district type, racial and ethnic distribution of enrollment, attendance rate, dropouts and youth at risk, high school graduates, and pupil-teacher ratio; (2) teacher characteristics and salary information, expenditures per pupil, and other financial information; (3) results of three state testing programs; (4) results of the New York State Regents' Examinations in English, global studies, U.S. history and government, and comprehensive French; (5) New York State Regents' results in comprehensive Spanish, and three sequential mathematics courses; and (6) New York State Regents' results in the sciences. The same 6 tables are presented in expanded form to cover the more than 700 districts in 61 counties. (SLD)

GLOSSARY
STATISTICS FOR PUBLIC SCHOOL DISTRICTS

- **District Type:** An indicator of the particular summary group in which a district falls. The categories are:

  1 ***New York City***
  2 ***Large City Districts*** - Buffalo, Rochester, Syracuse, Yonkers
  3 ***Other City Districts*** - other districts that are located within city boundaries
  4 ***Suburban Districts*** - districts located within Standard Metropolitan Statistical Areas but not within cities
  5 ***Rural Districts*** - districts not located within Standard Metropolitan Statistical Areas or cities.

STUDENTS

- **Total Enrollment:** The number of students enrolled in kindergarten through grade 12 plus those in ungraded classes for children with disabilities, 1991-92. Source: Basic Educational Data System.

- **Percent White:** The number of enrolled White (not Hispanic) students divided by the total district enrollment, 1991-92. Source: Basic Educational Data System.

- **Percent Black:** The number of enrolled Black (not Hispanic) students divided by the total district enrollment, 1991-92. Source: Basic Educational Data System.

- **Percent Hispanic:** The number of enrolled Hispanic students divided by the total district enrollment, 1991-92. Source: Basic Educational Data System.

- **Percent Other:** The number of enrolled other minority students divided by the total district enrollment, 1991-92. Other minority groups include American Indian, Alaskan Native, Asian and Pacific Islander. Source: Basic Educational Data System.

- **Annual Attendance Rate:** The average daily attendance divided by possible average daily attendance. School districts with fewer than eight teachers will not have an attendance rate shown, 1990-91. Source: Office of Educational Finance and Management Services.

- **Dropout Rate:** The number of dropouts, between July 1, 1990 and June 30, 1991, divided by the grades 9-12 enrollment including the portion of ungraded secondary enrollment that can be attributed to grades 9-12, expressed as a percentage. A dropout is defined as any pupil who left school prior to graduation for any reason except death and did not enter another school or high school equivalency preparation program. If a district did not have enrollment in grades 9-12 in 1990-91, the dropout rate will be blank. In New York City, only the high school districts will have the dropout rate printed. Source: Basic Educational Data System.

- **Percent Free/Reduced Lunch:** The number of students in kindergarten through grade 12 participating in the free and reduced price lunch program divided by the total enrollment in those grades as reported in October 1991. Not all school districts participate in the program, and the percentage of eligible students who apply varies across participating districts. Therefore, statistics contained in the table may underestimate the number of students eligible. If there is no Percent Free/Reduced Lunch data available for a district, a blank will print. Source: Bureau of School Food Management and Nutrition.

- **L.E.P. Rate:** The number of students of limited English proficiency (as defined by Section 154.2(a) of the Regulations of the Commissioner of Education) divided by the total district enrollment expressed as a percentage, 1991-92. Source: Basic Educational Data System.

- **Percent of Graduates Who Received Regents Diplomas:** The number of high school graduates who received Regents diplomas divided by the total number of diplomas granted. Blanks will print if the district had no twelfth grade in 1991-92. For New York City, this variable is only printed at the city-wide level, 1991-92. Source: Division of Educational Testing.

- **Percent to College:** The number of 1990-91 high school graduates entering four-year, two-year, or other postsecondary institutions, as reported by school principals in the fall of 1991, divided by total high school graduates. In New York City, only the high school districts will have the percent to college printed. Source: Basic Educational Data System.

- **Pupil-Teacher Ratio:** The total district enrollment divided by the number of full- and part-time public school classroom teachers, 1991-92. Source: Basic Educational Data System.

FACULTY

- **Percent Minority Teachers:** The number of minority public school classroom teachers divided by the total number of public school classroom teachers, 1991-92. Minority teachers include teachers in any of the following racial/ethnic categories: Black (Not Hispanic), Hispanic, American Indian, Alaskan Native, Asian and Pacific Islander. Source: Basic Educational Data System.

- **Annual Teacher Turnover Rate:** The number of public school teachers who were employed in 1990-91 but not in 1991-92 (including teachers on leave of absence) divided by the total number of public school teachers employed in 1990-91, expressed as a percentage. Source: Basic Educational Data System.

- **Teacher Median Salary:** The median salary of full-time public school classroom teachers. A blank indicates a district did not have a salary agreement in 1991-92 when the data were collected, 1991-92. Source: Basic Educational Data System.

- **Percent of Teachers With Permanent Certification:** The number of public school classroom teachers with permanent certification divided by the total number of public school classroom teachers, 1991-92. Source: Basic Educational Data System.

- **Percent of Teachers With Provisional Certification:** The number of public school classroom teachers with provisional certification divided by the total number of public school classroom teachers, 1991-92. Source: Basic Educational Data System.

- **Percent of Teachers With Other:** The number of public school classroom teachers teaching more than 20 percent of their time in a subject for which they hold no certification or a temporary license divided by the total number of public school classroom teachers, 1991-92. Source: Basic Educational Data System.

- **Median Years' Experience of Teachers:** The median years of total educational experience of public school classroom teachers, 1991-92. Source: Basic Educational Data System.

- **Percent of Teachers With Master's Degree Plus 30 hours or Doctorate:** The number of public school classroom teachers with a Master's Degree plus 30 hours or a Doctorate divided by the total number of public school classroom teachers, 1991-92. Source: Basic Educational Data System.

FISCAL DATA

- **Expenditures Per Pupil Unit:** Total expenditures including those charged to the General, Debt Service and Special Aid Funds. The pupil measure is based on average daily membership/enrollment and includes students enrolled in district programs; disabled pupils educated in district, BOCES, and Section 4402 programs; including the State schools at Rome and Batavia; and students educated in other districts for which the district pays tuition. Prekindergarten and half-day kindergarten pupils are weighted at 0.5, 1990-91. For this year only, the State aid withheld as a State share of local Teachers' Retirement System and Employees' Retirement System savings was excluded from total expenditures. Source: Fourth Annual School District Fiscal Profile Report.

- **New York State Revenue Share**: District total revenues from State sources divided by total revenues, 1990-91. District total revenues from State sources have been reduced by the State aid withheld as a State share of local Teachers' Retirement System and Employees' Retirement System savings. Source: Fourth Annual School District Fiscal Profile Report.

- **Combined Wealth Ratio**: The ratio of district wealth per pupil to State average wealth per pupil, 1990-91. It is calculated by averaging (1) a district property wealth measure per weighted pupil unit divided by the State average and (2) a district personal income measure per weighted pupil unit divided by the State average.[1] Combined wealth ratio is not used in determining State aid for districts with fewer than eight teachers and, therefore, is not calculated. Source: Fourth Annual School District Fiscal Profile Report.

- **Percent Distribution of Expenditures**: The percentage of total expenditures allocated to each expenditure category, 1990-91. Source: Fourth Annual School District Fiscal Profile Report.

- **Percent for Instruction Excluding Fringe Benefits**: Expenditures for instruction (excluding fringe benefits for instructional personnel) divided by total expenditures. Instructional expenditures include salaries paid to K-12 teachers; instructional salaries for pupil personnel services, supervision, curriculum and development; BOCES instructional expenditures; tuition; and other instructional expenses (including instructional expenses for prekindergarten programs), 1990-91.

- **Percent for Expenditures for Fringe Benefits for Instructional Personnel:** Estimated expenditures for fringe benefits for instructional personnel divided by total expenditures, 1990-91.

- **Total Percent for Instruction**: The sum of Percent for Instruction Excluding Fringe Benefits and Percent for Expenditures for Fringe Benefits for Instructional Personnel, 1990-91.

- **Percent for Central Administration:** Expenditures for central administration divided by total expenditures. Central administration expenditures include, for example, chief school officer, business office, purchasing, personnel, public information, research, planning and evaluation, and fees for fiscal agents, 1990-91.

- **Percent for Transportation:** Expenditures for transportation divided by total expenditures, 1990-91.

- **Percent for Debt Service**: Principal and interest on approved building projects, transportation issues, and other debt instruments, both short- and long-term, divided by total expenditures, 1990-91.

---

[1]The district property wealth measure is the lower of (1) the average of the 1987 and 1988 district full values or (2) 117 percent of the average of the 1986 and 1987 full values. The personal income wealth measure is the 1988 adjusted gross personal income of district residents. The weighted pupil units are based upon the adjusted average daily attendance of K-12 pupils resident in the district plus weightings for pupils with special educational needs, pupils with disabilities and secondary school pupils; half-day kindergarten pupils are weighted at 0.5.

- **Percent for Miscellaneous:** All other expenditures divided by total expenditures. Included are expenditures for operation and maintenance, board of education (including legal expenses), community services, certain undistributed expenses (including noninstructional employee benefits), and certain interfund transfers, 1990-91.

TEST RESULTS

- **Pupil Evaluation Program Percent Above State Reference Point:** The percent of students tested scoring above a minimum level of competence. These pupils are considered to be making normal progress in developing the basic skills of reading comprehension, mathematics and writing. A blank appears if no data were provided, 1991-92. Source: Division of Educational Testing.

- **Program Evaluation Tests:** The mean score is given for each of the three parts of the grade 4 program evaluation test in science and for the total score on the grades 6 and 9 program evaluation tests in social studies. A blank appears if no data were provided, 1991-92. Source: Division of Educational Testing.

- **Preliminary Competency Test Percent Above State Reference Point:** The percent of students tested making normal progress in developing the basic skills of reading comprehension and writing. A blank appears if no data were provided, 1991-92. Source: Division of Educational Testing.

- **Regents Examinations:** Percent of average grade 9-12 enrollment tested, percent passing of number tested and the number of students passing the examination as a percent of the average grade enrollment are shown for the following June 1992 Regents examinations: Comprehensive English, Global Studies, United States History and Government, Comprehensive French, Comprehensive Spanish, Sequential Mathematics Course I, Sequential Mathematics Course II, Sequential Mathematics Course III, Earth Science, Biology, Chemistry, and Physics. The percent of the average 9-12 enrollment tested may be over 100 percent if the number of students tested was greater than the average enrollment in grades 9-12, for example, when a large number of eighth graders are tested. A blank appears if the district does not have enrollment in grades 9-12 or the district did not offer a particular examination. The percent passing will appear as the only statistic for an examination when the district does not have grades 9-12. Source: Division of Educational Testing.
